

Advanced Orthopedics and Sports Medicine Institute is one of New Jersey's finest practices. We are a premier center for orthopedic healthcare, joint care and education in New Jersey. We combine skilled patient care with dedication and compassion making us one of the best choices for all your orthopedic needs.

Our surgeons, physiatrist, therapists, and staff are committed to working with our patients to treat their orthopedic problems in a timely manner, allowing a return to normal activities, including work duties, as quickly as possible. We pride ourselves on exceptional service, medical expertise, a state-of-the-art facility, and close doctor-patient relationships that facilitate the healing process. We draw on our complementary strengths to deliver exceptional Patient-Centered, Patient-Focused-Care™.

In addition to the services described above, the Cartilage Restoration Center of New Jersey, a division of AOSMI, is devoted to treating cartilage injuries of the knee and shoulder utilizing the latest techniques.

Advanced Physical Therapy, located on site at Advanced Orthopedics provides expert physical therapists who deliver integrated rehabilitation programs tailored to individual needs, under direct supervision of the physicians at Advanced Orthopedics.

When you choose AOSMI, you will receive more than excellent medical care. You'll receive Patient-Centered, Patient-Focused Care™.

A CENTER OF EXCELLENCE FOR BONE AND JOINT CARE

## Advanced Orthopedics and Sports Medicine Institute Workers' Compensation

Work-related injuries take a toll on health, family and finances. At Advanced Orthopedics and Sports Medicine Institute, our physicians and staff understand that everyone benefits when an injured worker returns to work quickly and safely. Our convenient, state-of-the-art facilities in Freehold and Monroe are equipped with wireless internet connections and case manager friendly waiting areas. Our compassion and expertise make us the natural choice for anyone involved in a workers' compensation case.

Our team of specialists takes an integrated approach to evaluation, treatment, physical therapy, workers' compensation case management and consultations for modified or restricted duty if appropriate. When surgery is required, we specialize in the latest techniques, resulting in a faster recovery time. We specialize in work related injuries and surgeries such as:

- Shoulder & Knee Reconstruction
- Minimally Invasive Surgery
- Trauma & Fracture Care
- Foot & Ankle Injuries
- Hand & Upper Extremity
- Arthroscopic Surgery
- Spine Surgery

### What Our Patients Have Said

*"When I fell and broke some bones at work, the pain was excruciating, but the lost paychecks were even more painful. Fortunately, the doctors at AOSMI were able to get me back on my feet in record time so I could get back to the factory and move on with my life."*

- Rick C., Jerseyville, New Jersey

*"I was really impressed by how kind and caring the AOSMI doctors were while helping me recover from my on-the-job injury. Being hurt is never fun, but your staff helped me stay positive and focused on getting better and returning to work. Thank you!"*

- Evelyn O., Millhurst, New Jersey

## AOSMI Has a High Standard of Care for Treating Work-Related Injuries

We refer to our Patient-Centered, Patient-Focused TM approach as the AOSMI Workers' Compensation Service, which includes:

- Board-certified orthopedic surgeons
- On-Site Physician supervised Physical Therapy
- Comprehensive exams
- Timely follow-up care
- Appointments within 24 hours and timely, objective diagnoses
- Same-day work status reports
- Exam notes and reports that meet all legal requirements, generated within 48 hours after exam
- A dedicated Workers' Compensation Coordinator who communicates with patients, case managers, referring physicians, insurance adjusters and employers
