**Press Release**

**AOSMI to Hold Open House for New Joint Center in Monroe Township, New Jersey,  
Middlesex County**

**FREEHOLD, NJ – April 10, 2009** - Advanced Orthopedics and Sports Medicine Institute (AOSMI) of Freehold, New Jersey, one of the fastest growing orthopedic practices in Monmouth County, is holding an open house for its new Advanced Joint Center, a satellite office of AOSMI, in Monroe Township, New Jersey at 312 Applegarth Road. The public is invited to tour the facility, meet the doctors, and enjoy refreshments April 17, 2009, from noon to 4:00 p.m.

According to Dr. Michael J. Greller, president and managing partner of AOSMI, the doctors of AOSMI decided to expand their services for the convenience of their many patients who live in Monroe and surrounding towns, such as Jamesburg, Englishtown, Cranbury and Monmouth Junction.

Dr. Nasar, a board-certified orthopedic surgeon who is fellowship-trained in joint replacement, says that all the medical information and documents, such as digital imaging and clinical records at the Freehold offices of AOSMI, will be instantly available to doctors working at the Monroe office in Middlesex County.

“The Monroe office is a seamless recreation of what we offer in Freehold,” says Dr. James Cozzarelli, who was instrumental in designing the new office. “That feature had to be in place before we could consider a satellite office; otherwise, a van would have to drive back and forth all day carrying records and X-rays.”

Medical services offered by AOSMI will include sports medicine, hand and wrist care, shoulder and knee care, joint replacement, physiatry, fracture care, osteoporosis care, spine care, foot and ankle care, and work injury care.

Dr. Greller expects that in the next few months, AOSMI will offer additional services at the Monroe offices, including a podiatrist and a physician specializing in pain management. All the doctors at AOSMI, who are privileged and on staff of CentraState Medical Center in Freehold, New Jersey, will hold hours at the Monroe office, including surgeons Manuel T. Banzon; Gregg S. Berkowitz; James Cozzarelli; Michael J. Greller, the managing partner of AOSMI, Grigory Goldberg, Gerardo Goldberger, and Alan S. Nasar.

Today, the surgeons at Advanced Orthopedics and Sports Medicine Institute provide the Monmouth and Middlesex County communities with specialists for every orthopedic need. Located in the Pond View Professional Park at 301 Professional View Drive in Freehold, and

Renaissance Crossing Medical Arts Building at 312 Applegarth Road, Suite 101, Monroe Township, New Jersey, Advanced Orthopedics and Sports Medicine Institute provides advanced medical care with leading doctors and surgeons, state-of-the-art technology, and exceptional Patient-Centered, Patient-Focused Care™. The seven practicing physicians at AOSMI have a combined 100 years of experience providing exceptional orthopedic care to the New Jersey communities of Monmouth and Middlesex County.
