Press Release

August 24, 2009

AOSMI's Dr. Gregg S. Berkowitz, Board-Certified Orthopedic Surgeon, Will Host "Less Pain, More Game – How to Fix a Knee Injury" Seminar for the General Public in Freehold, NJ

Dr. Gregg S. Berkowitz, a board-certified orthopedic surgeon at the Advanced Orthopedics and Sports Medicine Institute (AOSMI), Freehold and Monroe Township, NJ, is presenting "Less Pain, More Game – How to Fix a Knee Injury," a free educational seminar for the public, on September 30th in Freehold, NJ.

What is the most common reason for a visit to the orthopedist? If you said, "knee problems," you guessed it. Our knees take a lot of abuse from injuries to too much weight. With the miracles of modern science and technology, most people now have options for "fixing" their knees.

Dr. Gregg S. Berkowitz, a board-certified orthopedic surgeon at the Advanced Orthopedics and Sports Medicine Institute (AOSMI), Freehold and Monroe Township, New Jersey, is presenting "Less Pain, More Game – How to Fix a Knee Injury," a free educational seminar, Wednesday, September 30, 2009, from 7:00 to 8:00 p.m. at the Conference Center, Room A of the Star & Barry Tobias Ambulatory Campus of CentraState Medical Center, 901 West Main Street, Freehold. AOSMI provides a range of services, including sports medicine, joint replacement, fracture care, spine care, work injury care, hand and wrist care, physiatry, foot and ankle care, and osteoporosis care to the residents of Freehold and Monroe Townships and surrounding towns in Monmouth and Middlesex Counties.

At the Freehold seminar, AOSMI's Dr. Berkowitz will discuss current treatments for patients ages 15 to 55, including such options as restoring the knee by repairing it or regenerating

cartilage. A question and answer session will follow. As part of AOSMI's Patient-Centered, Patient Focused Care™ philosophy, Dr. Berkowitz keeps up to date on the latest technological advances in cartilage injury treatments and repairs, including minimally invasive procedures.

Today, the surgeons at Advanced Orthopedics and Sports Medicine Institute (AOSMI) provide the Monmouth and Middlesex County communities with specialists for every orthopedic need. Located in the Pond View Professional Park at 301 Professional View Drive in Freehold, and Renaissance Crossing Medical Arts Building at 312 Applegarth Road, Suite 101, Monroe Township, New Jersey, Advanced Orthopedics and Sports Medicine Institute provides advanced medical care with leading doctors and surgeons, state-of-the-art technology, and exceptional Patient-Centered, Patient-Focused Care™. The seven practicing physicians at AOSMI have a combined 100 years of experience providing exceptional orthopedic care to the New Jersey communities of Monmouth and Middlesex County.
